

JESSICA HANSON

VICE PRESIDENT CORPORATE LOGISTICS NORTH AMERICA

ROBERT BOSCH LLC, FARMINGTON HILLS, MI

Jessica Hanson joined Bosch in 2018 and is currently Vice President of Corporate Logistics for North America. In this position she is responsible for coordinating all Logistics functions across Bosch's North American operations including transportation, warehousing, foreign trade and production planning.

Ms. Hanson's expertise stems from 19 years of experience in the automotive industry. Primarily in Supply Chain Management and most recently in Program Management and Engineering. She has led teams located globally and has had direct accountability for programs profit and loss, departmental budgets, investment plans, customer relations and all program related deliverables.

Prior to joining Bosch Ms. Hanson spent 18 years with Yazaki North America as Director of Logistics and Vice President of Program Management and Engineering for the General Motors Business Unit.

Ms. Hanson earned her B.S. degree in Finance from the TEC de Monterrey in Mexico. She also has an Executive MBA from IMD Business School in Lausanne, Switzerland.
